Inserts for TV / RF / SAT					
<p>General information for screw and claw fixing can be used with all international TV standards: B/G, D/K, I, L, M, CCIR/OIRT, PAL/SECAM/NTSC/digital TV, gap-free transition ranges at both outlets, i.e. any assignment possible with reverse channel and forward channel shielding EMC Class A to 300 MHz > 85 dB / 2400 MHz > 55 dB</p>					
	<p>Aerial branch-circuit box for use in individual, party, broadband cable and satellite aerial systems, signal range from 4 to 2400 MHz transfers remote power supply (max. 24 V DC / 500 mA), connection attenuation 2 to 4 dB</p>		5TG2 485	021	1/5
	Top, see section	Product range	On page (ff.)		
	TV/RF/SAT	DELTA ambiente	8/22		
		DELTA i-system	1/35		
		DELTA natur	7/13		
		DELTA profil	5/39		
	DELTA style	6/29			
Note	Section	Page			
For further technical information, see ...	Technical information/TV/RF/SAT/Aerial branch-circuit boxes	18/62			
	<p>Aerial through-way box/terminal box for use in party, broadband cable and satellite aerial systems with 75 terminating resistance for use as terminal box signal range from 4 to 2400 MHz throughput attenuation 1.5 dB connection attenuation 15 dB</p>		5TG2 484	021	1/5
	Top, see section	Product range	On page (ff.)

Inserts for fiber-optic outlet boxes from Telegärtner				
Note	The OAD/S and OAD fiber optic outlet boxes with cover plate are compatible with the frames and coupling frames of the DELTA line, DELTA vita and DELTA style design programs. The color titanium white (similar to RAL 9010) can be combined with Telegärtner's alpine white and the color electrical white (similar to RAL 1013) can be combined with Telegärtner's pearl white.			

* You can order this quantity or a multiple thereof.
